

*February is*

# Pet Dental Health Month!

Dental disease can lead to pain, tooth loss, and even infections in other organs. For those reasons, and more, it is very important to be aware of possible dental problems your horse.

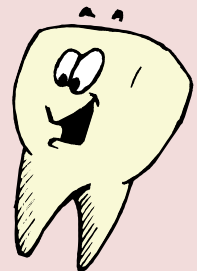

Come to this month's educational series to learn about what lurks inside your horse's mouth, what dental abnormalities you might encounter, and all about dental care and floats.

As always, a Q&A will wrap up the event, so bring your questions and put those chompers to work!

**Date:** February 18<sup>th</sup>, 2012

**Time:** 2:00 – 4:00 p.m.

**Location:** NWESC  
9812 215<sup>th</sup> Avenue SE  
Snohomish, WA 98290
